The hero's renowned for helping Others,
A Savior to his Sisters, Brothers –
In this story with strangest lines,
Winding about the end of time.

Thunderous lightning cumulus curtains,
Storm gathering that's for certain –
And he a vision of kindness,
Compassion, understanding, forgiveness.

Oh what a dream it's all in motion,
Your mind's the wind your heart the ocean –
And they just announced last dance.
Do you think Love stands chance?

No surprises, it's your call –
To tell us which way heaven and all,
Put in words your healing ways,
Take us to the altruistic phase.
