Fragrant forest dream again,
Mirror vision bouquet of zen –
Swan Lake Ophelia Debussy,
Or maybe Chopin Etude in E.

A drowning world cries the part –
Altruism sacrifice garden art,
Blossoms petals birthing time,
Water fish bread and wine.

Heart of the matter rivers flow,
Wholly sacred morning glow –
Devoted enduring reflective sincere,
Compassion feeling endless tear.

Saturn says you own the role,
Helping others password soul –
Change this nightmare into bliss,
Gifts glimpse heaven eternity this.
