Enchantments how her story begins –
Suddenly back to the garden again,
Springtime tale unpredictable fate,
Evening before God closed the gate.

Peach lavender endless sky,
Dreaming wings counting fireflies –
Running barefoot through clover fields,
Daisy petals to her wishes yield.

Intuitive excitable enthusiastic,
Dramatic passionate yes fantastic –
Universal Love making miracles possible,
At starting things totally capable.

Now the outcome this circumstance,
Practically speaking a second chance –
Depends on your willingness to pave some roads,
Planet needs delivery some heavy loads.
