

Waking music strains of spring,
Lily of the valley Adagio for strings,
Talking swelling tips of trees –
Warm cascading infinities.

Stepping stone logic goodness sworn,
Sensitive perceptual garden born –
Wings first taking to the air,
As peonies and roses dare.

Sweet intelligent eukaryotic,
Secure practical treasures exotic,
Lascaux drawings fractal mind –
Telling children story kind.

Enfolded in a difficult moment,
In translation Saturn's comment –
The key ingredients responsibility,
Persevering mountain climb ability.
