

E***

Her space alive a cradle of wishes,
Meaning possibility lotus kisses,
Trillium roots in starlight past –
Gatekeeper of a garden path.

Leaves and tree bark tell her story,
Choices made mix hope with glory –
A Love be brave changing adventure,
Nearing the middle of the overture.

Multi-dimensional message bringer,
How her smile would like to linger –
Fire and air indisputably involved,
Imaginative becoming rationally evolved.

Responsibility do you hear her call,
Beyond the signs the tagged walls –
Night descending song birds gone,
Twill not be easy to bring the dawn.
