MIRO Chopin Chagal Matisse,  
Tender moments without cease –  
Quiet flower heart break world,  
Stardust and forever swirled.

Talks with eyes reads voices,  
Garden time possibilities choices –  
Relationships she prefers secure,  
Sensual modest stubborn sure.

Gaia barefoot on the ground,  
Without necklace makeup sound –  
Soft fragrant morning moon,  
Touches your arm prism room.

Foie gras truffle kitchen treats,  
Dark chocolate earthly sweets –  
Now a time in need of saviors,  
Compassion forgiveness river behavior.
