

I * * * *

Sweet stanzas cerulean quotes,
Butterfly messages meadowlark notes,
Moments thoughts pleading sent –
Will the father e'er relent.

Hellenic reasoning strawberry rhymes,
Deconstruction site bifurcation times –
Either/or words signs beloved,
DNA reads garden blooded.

Multi-skilled cerebrally inclined,
Compassionate moon logical mind –
Paradoxically getting around,
River running underground.

Now where were we in all of this,
Peace on Earth the one thing missed –
Got to be honest Saturn mentions,
When answering the fairness question.
