Quietly from morning mist,
Garden lover fulfilled wish –
Holding you as flowers do,
Fragrant composed precious new.

Periwinkle velvet dancing dress,
Sinners weep sparrows confess –
Unexpected happening here,
Face to face forest deer.

Lost in the sweetness of your eyes,
Mountain air raindrop sighs –
Possibilities complex pictures,
Dark chocolate comfort mixtures.

Pure goodness that you're sure of,
Revisited Justice from above –
Yes if you would like please to start,
We'll all improvise our parts.
