hUmmingbird butterfly bee balm seedling,
Milky way child promising earthling,
In unexplored forest you belong –
Valley soft fog morning song.

Unavoidable garden rhyme,
Noospheric decision time –
Never know what she might say next,
Uproot the narrative start a new text.

Stubborn strong sweet strange,
Climbing blooming rearrange –
Longed for epiphany vernal tense,
In the eternally other sense.

Rapunzel at the windowsill,
Superwoman fiery willed –
Your word could cascade a world of signs,
What possibilities have you in mind?
