

Once in a Universe abode –
A transformed turtle on a rocky road,
Going somewhere, never been before,
Careful patient as in days of yore.

This traveler questioner searching a way,
From a real mess to a better day,
Where lived inspired relationships –
In the time between the candledrips.

Direct and enduring Rebel Absurd,
Flying through meanings fire bird,
Insightful imaginative dependable friend –
Pathfinder beginning to On-going end.

All in a cove Sea of Mystery,
The kind that fills up galaxies –
Crystal vision of a miracle,
In Sunlight and a double swirl.
