Autumn sidewalks red dress trees,
Deer bewitched with mystery –
Burning secrets fallen dreams,
Spring disguised with shades of green.

Cobblestone streets evening time,
European paradigm –
Strawberry mousse rainy day kiss,
Theatre an ancient ocean wish.

Summer memory's magic sequel,
All the talk could never equal –
Walk with you along the shore,
Creating what we came here for.

Given semiotic change,
Saturn say despite how strange –
Place in such cruel condition,
Only hope a phase transition.
