Falling star an other shore,
All a beginning could ever hope for –
Presence inviting respect and trust,
Watercolor evening lavender dusk.

Autumn remembering early spring,
In those moments only love can bring –
Starts before breakfast by twilight done,
Meant to last dream begun.

Theatrical playful magic mind,
Draws you close perfectly timed –
Honest careful extremely rad,
More stories than Scheherazade.

Peace on Earth not a maybe,
After mother called you baby –
Equality freedom life as art,
Just be yourself that's your part.
