Quiet moment crowded scene,
Timeless twilight in between –
Grace reserve harmony,
Platonic reciprocity.

Fulfilling promises springtime made –
Soft stone temples polished jade,
Holding open Heavens door,
Effortless as eagles soar.

Standing the edge facing forever,
With her its always now or never –
Honest as a silent prayer,
Single wish this presence share.

For all things finished just and fair,
Everyone cared for peace everywhere –
Add the clarity leadership makes,
Rewrite the narrative if that's what it takes.
