

MARA

A magic lavender evening nears,
Autumn mystery watery mirrors –
Rather harmonize than boat rockin',
Yet what's going down not forgotten.

Aware the story's many sides,
Hearing Earth how she cries –
It's her wishes you represent,
Another whispered heaven sent.

Completing one project beginning another,
Balancing truth with the undiscovered –
Fulfilling promises Garden made,
In your palace carved green jade.

Fairest of judges lover of secrets,
Stubborn politics no regrets –
Enlightenment wed Liberty,
Passed you their child Democracy.
