

♁*****

Sun in autumn full moon in spring,
Tomorrows possibilities in-spiraling –
Finishing yesterday beginning anew,
Looking for perfect in all you do.

Fair of heart desires burning,
Going somewhere harmony yearning –
Listening both sides every story,
Honesty freedom meaning glory.

Distant trips strange lands,
Cobblestone streets sculpted sands –
Peacemaker judge swift gazelle,
Sense of direction you can tell.

Amiable courteous easy friend,
Toward the middle not near the end –
If patient careful and organized,
Every mothers hope realized.
