

A **

Backyard moments drops of dew,
Quilted farmlands lake in blue,
Green sky rose sun –
Complete if always not quite done.

Perfectly arranged cosmic nest,
Warm passionate tenderness –
Sisterly attitude strangely magical,
Analytical numerical oh yes critical.

Worried mind crazy look,
Forest of mystery winding brook,
Deer in glade shower of leaves –
You sure nothing up your sleeves?

Last seen among lily pads,
Reading Wollstonecraft other rads –
Know anything about flower gardens?
This one nominated you the guardian.
