One peony bows another blooms,
Subconscious garden timeless rooms,
Frida Kahlo and Georgia O'Keeffe –
Balance of worries sighs of relief.

Early autumn soft warm days,
Mothers carefulness sisterly ways –
Insisting justice be made fact,
Equality and fairness to be exact.

Analytical critical perfect composure,
Nothing unfinished fineness and closure –
Slowly opening once sealed lips,
Radically loving relationships.

If this incarnation you're crystal clear,
Practice assertiveness without fear,
Stand up and take the lead –
You'll bring into being what life needs.
