New Mexico in autumn time.

More attentive than expected,  
Accepts the attainable prefers perfected –  
Patient organized understanding,  
Equality one thing demanding.

Most times like Swiss trains,  
Other moments without names –  
Double washed triple rinsed,  
Untamed rising sun convinced.

If ever we needed a change of story,  
So humans don't end up goodbye / sorry –  
What's goin' on right now qualifies,  
We're dying for love that unifies.
