Мoonlight sonata river days,  
Pirouettes gentle waves –  
Vision of human long overdue,  
Living proof wishes come true.

Сompassion mercy loving care,  
Re-constructing just and fair –  
Intelligent speech perfect manners,  
Diplomacy large and smallest matters.

Lifetime keeping all things balanced,  
Eight day workweek one night dance –  
Delicate heart touch of lightning,  
Knowing some things outright frightening.

Of course concerned about Earth's troubles,  
And the childrens practically double –  
Look to the garden the smell of fresh rain,  
Sound of that coming mythic train.
