Long before our present stories,
Bones friends quiet worries –
Long stem roses snipped of thorns,
Future visions inspiration borne.

Thought of you patiently waited,
Unpredictable or was it fated –
Wildly expressive perfectionist,
Euclidean space Gaudi twist.

Ocean orphan making it better,
Treasuring shells tiny feathers –
Clearing cobwebs sweeping floors,
Washing windows clothes and more.

Careful critical analytical devilry,
Irresistible kitchen revelry –
Remember sweet and beautiful,
A soft stir a sprinkle practical.
