In a window sparrows prefer,
Measures adds sprinkles stirs –
Patient clear understanding kind,
Firm definitive creative mind.

Notes similarities cherishes details,
Human perfection unafraid to fail –
Contacts folders desktop organized,
Herself revolutionarily un-categorized.

World's a dream you'd want to wake.
Windows trembling threatening to break –
Dust on the rise a dozen blocks,
Alleys street corners crowded walks.

Thursday evening at the Orsay,
Quiet with Oegas revisiting Manet –
Time pleading for something new,
A possibility coming true.
