

S****

In a magical part the dream –
Along the Road to what it means,
At a fork where no one stops,
Not far from the mountaintops.

Evenings turning into night,
She knows something's not quite right –
The sky the water all the rest,
Within this her living nest.

Rings of silver inlaid turquoise,
Strong, reliable, perfect poise,
Plus the gift of precious judgement –
All that's needed for a tough assignment.

honestly trying this is you,
And all your wishes will come true,
If you fulfill your lifetime quest –
Nurturing Times from worst to best.
