Swallow in the new moonlight,
Promise in the dead of night –
Blue world in morning green,
Perfection that we only dream.

Honesty on wings of laughter,
Triple paragon of patience –
Dazzled by the fire within,
But the sheep need looking after.

Care and detail among your virtues,
Worried gentleness that nurtures –
Desert sunsets confident debuts,
Turquoise socks earrings too.

What hierarchs value you've analyzed,
Interrogated deconstructed criticized –
You can disclose the inside story,
A goal beyond power money glory.
