

reason

wake Ophelia

how could he have known

Reason rests on premises

the rules of language

cultural patterns

mental categories

assumptions checkmate all

ask the fathers, your brother

ask him

how the acknowledgement of your Beauty

the appreciation of Nature

the goodness of your Kindness

locker room talk betrays

your autumn imagination

trillium inscape tell a different story

Mystery, Wonder binds us

yours the Garden Gate

say it was a dream

beneath the Willow sleeping

the River's Mind

a forest shadow rumor

rainy day window afternoon
