

who called

what coincidence invited  
inspired your searching eyes  
spoke to your Monet Mind  
what whispered pathway  
brought You to choose  
the way You tell the story

befitting our picture  
befriending the strangeness  
spinning threads of inclusion and belonging  
dreaming a place for us  
our every difference your garden  
weaving the World with unbelievable

dress up or down  
stay in or go out tonight Love  
we'll always remember
