Perennial up from underground,
Taking careful look around –
Warm skies soft breeze,
Eye for possibilities.

Patient sweet to a fault,
Early riser spring gestalt –
One to take it through the wall,
If ever hears his baby call.

Volunteers doesn't hesitate,
Swiss train time never runs late –
Honest compassionate many worries,
Heard just about every story.

A bit rebellious so here's the deal –
The sacred river Peace for real,
The art of gardening a world complete,
All for making your love concrete.
