

Amanda

Wholly daybreak fire inside,
Horizon line curved ocean wide –
Waves the shoreline washing up,
Sip the edge time's silver cup.

Crystal pearls grassy dunes,
Intuitive undercurrents compassionate moon –
Unpredictable / enthusiastic / new
Heavens falling turned into you.

Water color mind tear drop start,
Self becoming immortal art –
Every possibility all it seems,
Dawn drawn deliverance dream.

Takes more than just good will,
Free our species pay the bill –
Equality / justice / fairness wished,
Veiled in morning's valley mist.
