

Agnetha

Guests at the soirée when first met,
Things can happen, though no sure bet –
Welcoming words, engaging Presence,
Something-elseness, enchanting essence.

Boundless energy as befits dawning day,
Seeing possibility come what may –
Listening closely to the needs of Others,
Leaning into Love One Another.

Talk of murmurations dusk inspires,
Willfulness enables, Hearts desire –
Layered patterns, emergent signs,
The Anthropocene on many minds.

head things, seen some stuff,
What Mother not say, enough is enough –
Climate and chaos across every border,
The Hour due for a whole new order.
