

# BARBORA

**P**etals from the molten edge,  
Shimmering stillness / quiet pledge –  
Hushing waves / shifting sand,  
As only could a touch of hand.

**T**ahitian sky Garden story,  
Pathway strewn with allegory –  
Desire / Compassion / pragmatic mind,  
Celebrating undefined.

**B**orn of Earth / Sun and Sea air,  
Entangled with hearts everywhere –  
Swelling tide / waxing moon,  
Answer to prayers filling the room.

**F**un to talk with / learn from / dance,  
Love's known to take a chance –  
Enlightenment flowers starting to bloom,  
For honey bees not a moment too soon.
