Silver wind chimes starry night,
Blue black sky earth strung light –
Flake by flake once clover fields,
World the sleeping fathers sealed.

Intelligent generous shadow tame,
Garden eyes flowers claim –
Upward pushing roots desire,
Unquenchable life circle fire.

Spring kisses mountain roads,
Trillium where once it snowed –
Sweet beginnings contagious breeze,
Buds shoots astir the trees.

Tongue tip memory story lover,
Irrepressible mind discover,
Lunar fidelity solar excitement –
Would you teach us 'bout enlightenment?
