

# David

One determined to undo chains,  
Energetic host myriad names –  
Insubordinate to any old order,  
Emergent possibility at the border.

Spring turning Summer soul,  
Surprise in part sparkling whole –  
Whatever scene whatever play,  
Always knows just what to say.

The world in his forgiving eyes –  
Made of pines evergreen sighs,  
Rivers cascading associations,  
Morning prairie invocations.

Forging ahead to where humans belong,  
One to fix whatever's gone wrong,  
Hope for the garden caught in strife –  
If he accepts his role in Life.
