**S**ky a shimmering curtain of green,  
Moon bleeds orphaned convene –  
No matter how improbable,  
His a sanctuary of possible.

**R**olling meadows open gate,  
You just can't ask the wind to wait –  
Rippling grasses movement the air,  
Turbulence rushing everywhere.

**p**refers harmony whatever trip,  
Democratic egalitarian relationships –  
Dignity presence encouraging kindness,  
Beginning with honesty ending in fineness.

**h**as an idea how our troubles started,  
Peace on earth fairness departed –  
Saturn keeps asking when and where,  
Please, quick, while still a prayer.
