**S**TARTED WITH a dinner date,  
Orsay evening quai late,  
Wired edgy each step new –  
Twixt fantasy and the real you.

**N**on-stop storyteller back in school,  
Voltaire enthusiast nobody's fool –  
Staircase running fire walker,  
Meta-issues studyhall talker.

**L**earning how dangerous thoughts can be,  
Subtle fragile our possibility –  
Living strands entwined ribbons,  
Unpredictable among givens.

**G**arden through a human lens,  
Time contracts meanings bend –  
Saturn says you're needed here,  
Someone to make our choices clear.
