

Joan

Here's the story the Lilies told –
Enthusiastic spontaneous bold,
Adapting one thing beginning another,
Late spring thinking summer.

Buds swelling forest of promise –
Imaginative jazz caffeinated bliss,
Loves to read talk travel,
Learn things puzzles unravel.

Mars gave her staying power,
Jupiter assertiveness hour by hour,
Venus speech a specialty –
Embers sparks possibility.

“Where are we,” Saturn endeavors,
A friend helps come whatever –
Easy times or trouble per chance,
Find a way through circumstance.
