

John

Wind gusts spring storm skies,
Waking stirring ancestral eyes,
Uneasy telling atmosphere –
Often can't hold back a tear.

Galactic dream garden part,
Enthusiastic friendship from the start,
Dynamic spirit compassionate mind –
Silver rails ties that bind.

Array of brushes palette of shadow,
Sparkling shoreline shanty town sorrow,
Expectations from yesterday –
Quantum entangled river play.

So how does saturn fit the deal?
Says it matters whats made real –
Conceiving family on a planetary basis,
Earth home / mind an oasis.
