In the window woken sky,  
Garden morning flying by –  
Non-stop landscape Earth's imaginary,  
Forests, meadows, dream sanctuary.

Ubiquitous music, spicey tagine,  
World entwined with eglantine –  
Lilac calm to vacuum field crazy,  
Fiery, intuitive, purple paisley.

Improbable as Stars, galaxies, dust,  
Self-reflection said Honesty and Trust –  
Deconstructing the trumpets' blare,  
Celebrating the dignity all hearts share.

You've always loved the impossible,  
Asymmetric, anomaly, inexplicable –  
As few other scenes in our Ancestry,  
Creating a crease in Eternity.
