

Kareem

Rushing over boulders / past logs twists,
Gravel bed rapids sunlight kissed –
Unbound / untamed / Spring arrives,
Frozen world wakes / the dream survives.

Quick with a word / intuitive thought,
Goodness named / compassion taught –
Your moves leave no room for doubt,
Getting things done what you're all about.

Confusion and joy / promise and turbulence,
Ojalá your salvific re-entrance –
Straight on forward / grace of swan,
Deciding that twilight would be dawn.

Clover fields whisper / butterflies thirst,
Creation is always unrehearsed –
We need your help to clarify things,
What one choice vs. the other brings.
