World a canvas Kandinsky inspired,
Moon and Venus appear conspired –
Signs scribbles shades of white,
Madness magic cracked twilight.

Twigs stretch leaves swell,
Fields lay open garden smells,
Muddied pathways waking sky –
Intuitive mind fractal eye.

Multi-dimensional complex whole,
Family motif musical soul –
Hour by unpredictable days,
Commitment making decision phase.

Memories roses make long lasting,
Moment's masquerade unmasking –
Who possibly any more capable?
Who else more responsible?
