

Rachel

Easier hold back opening buds,
Birds from nesting / trees their blood –
Than someone manage to deny you,
Doing what you're going to do.

Symmetry breaking sea and day,
Sacred offerings your own way –
Island of possibility world of tears,
Forgiving sins / dissolving fears.

Compassion kindness urging change,
Springtime quantum dynamic strange –
River minded shadowy mirror,
Must be some revelation near.

The wind picks up / the plot thickens,
Waken the 1% turning point quickens –
Saturn delights in how far come,
Intelligence / dialogue / chains undone.
