In the eyes of unbridled horses,
Beneath life's uncharted courses –
Unworded clouds / summer nest,
Time finds ways to you her guest.

Stellar reputation perfect friend,
No nicer party the princess attend –
Confident / assertive / analyzer,
Self-organizing organizer.

Pine boughs shelter cautious deer,
Forest rains an endless tear –
A carefulness the whole world yearns,
Through your story's twists and turns.

Straight forward down to earth,
Sisterly wise / one human's worth –
What are you reading / what think?
Some say we're on the brink.
