

CHRISTINA

Layered stories honest pleasures,
Unforgettable lasting treasure –
From soiree to the balcony,
Self-willed as Antigone.

City streets bleed into night,
Sacred summer global light –
Saturn granted metaphor,
Asks where going what looking for.

Assertive generous up front style,
Endless kindness easy smiles –
Troubles her the shanty towns,
Challenge facing freedom found.

Always does things her own way,
Aware the cost willing to pay –
Create a world unrepressed,
Humans Earth beloved guest.
