

David

Call him Earthling engaged in Creation,
Post-modern Human/individuation –
A storyteller like the August sun,
When time slows and vacations come.

Loves family gatherings/public affairs,
Sign of a leader a burden bears –
Does his own thinking and to that self true,
Never says what he doesn't want to.

Confident the role/a starring part,
Children sense/call your golden heart –
Ask once more would you do your thing,
Persuade Goliath with rock and sling.

On off/yes no/black or white,
Measureless as a moonless night –
Pray your lightning/soft summer rain,
Help end this unsustainable game.
