**A**CROSS the pond as daylight grows,  
In quiet elegance / herons pose –  
Social grace / communicative skills,  
Feeling and reason / minimal frills.

**W**ith Sun and Moon in Leo wed,  
Individuation's doubly said –  
Conjunct Saturn adds a dimension,  
What and how draw our attention.

**F**ROM CONVERSATIONS / shelves of books,  
Centuries longing / second looks –  
You take in hand this time and place,  
Patient carefulness / self-sculpted face.

**h**URRICANES / earthquakes / covid / fires,  
Yet random goodness / emerging choirs –  
Descendants of Love / we need to be clear,  
Right now a veil's thrown cross the mirror.
