

# John

**M**adly as the sun loves earth,  
Summer whispers gardens worth –  
Sunday morning southern ease,  
Backyard hammock shade reprise.

**I**nexplorable leonine confidence,  
Counting on emergent Consciousness –  
Candles carpets frankincense myrrh,  
Gold and fantasy magic stir.

**G**raced with the insight of being there,  
Crevices only shadows dare –  
Dayglow palette orange and green,  
Stardust envoy closing scene.

**Y**ellow brush stroke field of blue,  
What'd you say you wish were true?  
Got to be honest regarding narratives,  
For harmony sharings the imperative.
