

Kou

Shining star warm morning sky,
Gentle songbird blue dragonfly –
A quiet pond late afternoon,
Thornless rose with evening moon.

Threads as leave a sacred trace,
Unplanned complex unfinished place –
A silver moment seldom allowed,
Out from history noise the crowd.

Bright creative leadership,
All are praying she never slips,
This time so much more to do –
A loving story a place for You.

Timeless eyes fiery words,
Perfects what she prefers –
A thousand occasions to be honest,
Each important as all the rest.
