

Kathleen

FIREBIRD last time we called,
You left us lifted hearts enthralled –
Moderned minds ancient strands,
Nothing half-way promised land.

SKIES split open hourglass stops,
Self-deception all of it drops –
You bring us neath epistemic level,
NATIONS borders God and the devil.

NEVER bothering with what they say,
Thinking for yourself found a way –
Respect equality friendship fair,
Vision of happiness too few dare.

MESA VISTAS wild horses,
Eagle soaring RIVERS SOURCES –
Forever assuredly up to you,
This time make it all come true.
