Wrapped in quiet morning light,  
Tied with ribbons escaped night,  
Mountain shadow silhouettes –  
Human heart never forget.

Child the suns warm blood river,  
Golden bough angels quiver –  
Personable reliable fearless lover,  
Audacious conscious undercover.

Fractal order post-modern complex,  
Linked together medieval context –  
Easy going courageous bold,  
Never doing 'xactly what told.

When one midnight love up and ran,  
'Twas Saturn offering the plan –  
Blend understanding with your wits,  
Find who said glass slipper fits.
