Late Summer daybreak Sun,  
White gold mists valleys spun –  
History unhinged, Time unglued,  
Breakfast-on-the-patio vacation mood.

Welcoming eyes, glinting mystery,  
Fairytale pastiche, magic synchronicity –  
Knight in shining armor, or there about,  
Insisting on integrity, the drama plays out.

Patient Mind the edge of Creation,  
Caring leadership, tomorrow's foundation –  
Inequity, nuclear arms, global warming,  
Self-as-Separate is failing the morning.

Critical thinker, whatever fates bring,  
A role in Matter's mattering –  
Saturn reminds there could be a price,  
Deliverance sometimes requires sacrifice.
