**S**ummer night concert weather,  
With your friends getting crazy together –  
Caring joy and love entwined,  
Reliable leadership critical mind.

**P**referring details neatly arranged,  
One thing certain you won't be constrained,  
Mountains of strength burning fire –  
Highly contagious moonlight desire.

**R**ough roads fields of worry,  
No one knows your whole story –  
In search of relationship wholly enduring,  
Within a cheerfulness reassuring.

**R**eality's sure enough come unbound,  
Run away with the freedom you found –  
More than just a matter of time,  
Your honesty rings heavens chimes.
