

Megan

Confident precise mother love,
Fairy below angel above –
Always on time frequently worried,
Perfect nestkeeper ultra-storied.

Sorting out threads entangling reality,
Analytical categorical criticality –
Patient organized self-developing,
Caring wings world enveloping.

Magical expression the implicate order,
Clean to the edges a fractal border –
At her windowsill a secret glow,
Tiniest details milky way show.

Meets with Saturn who's taking a poll –
Asking where headed what's the goal?
You know the scene this time –
Why how what in mind?
